I have accepted a position with the Veterans Administration and will be providing medical services to veterans in the El Paso area starting February 09, 2026.

For a period of **30 days from the date of this letter**, we will continue to provide routine medical care to assist you with a smooth transition.

Please review the instructions below based on your type of care:

- **Workers' Compensation patients:** Contact your adjuster to obtain a new referral.
- **VA patients:** I will continue your care at the VA facility; you may follow up with me there.
- **Concentra patients:** Contact Concentra directly to arrange continued care.
- **Patients referred by an attorney:** Reach out to your attorney's office for a new referral.
- **For patients outside of the above categories:** Establish care with another physician as soon as possible to ensure continuity of treatment. I have included a list of local **Orthopedic Physician Practices** for your convenience.

To support you during this transition, we will gladly provide copies of your medical records to a healthcare provider of your choosing. A medical records release authorization form is enclosed for your convenience. Please complete and return the form with your instructions and allow up to 15 days for processing.
